

**DEER MANAGEMENT PLAN
STAKEHOLDER MEETING #2
AGENDA
Pierre, Matthews Training Center
Monday, June 27 10am--5pm (central)**

Citizen Involvement and Outreach

- Overview of ways we gather public input (Tom Kirschenmann)
 - Defining social/landowner tolerance levels
 - Previous wildlife private lands surveys – landowners and hunters
 - SOD – stakeholder opinion database
 - Public meetings/open houses/ Regional Advisory Panels / Non-Governmental Organizations
 - Inter-state and Tribal coordination
- Public opinion surveys (Cindy Longmire)
 - 2016 Deer hunter and landowner survey methods and results
 - 2014 License allocation survey
 - SD Deer Hunter Profile

Deer License Allocation

- License drawing and preference system (Shon Eide)
 - Deer drawing process, deadlines, preference
 - Special buck seasons/Stats on deer licenses
 - Landowner licensing – Landowner preference, reduced price landowner-own-land, free antlerless landowner licenses
 - Nonresident deer licenses

Deer Harvest Management Challenges

- Antlerless management strategies (Andy Lindbloom)
 - Past, current, and ideas for future management
- Trophy vs. Opportunity management (Andy Lindbloom)
 - Current management and Limited Access
 - Evaluating hunt units for quality

Other Related topics

- Commission petitions and public suggestions to stakeholder group (Tom Kirschenmann)
 - Youth any deer license
 - Senior citizen license
 - Limit 3rd drawing to 2 licenses
 - Earlier muzzleloader season
 - Season date consistency
- Raffle/auction licenses concept (Andy Lindbloom)

- License Allocation Considerations (Russ Roberts)

Population modeling overview (as time allows)

- PopR, Integrated Population Model, and input/output scenarios (Kevin Robling)

During these informational items, we plan to provide background information related to the following topics listed as important to the stakeholder group, GFP staff, and/or petitioners to the GFP commission and other public input:

| Stakeholder topics | GFP staff topics |
|---|---|
| <i>Topic 2: Landowner preference</i> | <i>Hunting regulations (unit boundaries, season structure, dates, etc.)</i> |
| <i>Topic 3: Fair distribution of license allocation (3)</i> | <i>Antlerless harvest strategies</i> |
| <i>Topic 6: Increase ratio/number of mule deer (4)</i> | <i>License allocation</i> |
| <i>Topic 10: Antlerless deer harvest management (4)</i> | <i>Social tolerance of deer hunters</i> |
| <i>Topic 11: Managing mule deer and white-tailed deer as separate species (2)</i> | <i>Trophy vs opportunity management</i> |
| <i>Topic 16: Number and length of season and hunting pressure (2)</i> | |
| <i>Topic 17: Landowner burnout</i> | |
| <i>Topic 18: Nonresident deer licenses (7)</i> | |
| <i>Topic 19: Unit reciprocity between county lines for Landowners (3)</i> | |
| <i>Topic 20: WR deer start dates (1)</i> | |
| <i>Topic 21: Antlerless season too early</i> | |
| <i>Topic 24: Too many hunters hunting on multiple seasons (2)</i> | |
